ALADIN

CONCEALED HINGED DOOR

A custom-made hinged door with a concealed frame, with a door frame available in five different finishes. There are 2 glass panel options to choose. In the ‘Mono’ version a glass is applied on one side of the frame, so as to have a flush surface and another surface rebated from the perimeter of the frame. In the ‘Duo’ version two 4 mm thick tempered glasses are applied on both faces of the frame.

The subframe, invisible when the door is closed, is available for both cement walls and plasterboard and can be varnished during the painting of the walls.

ALADIN

CONCEALED DOUBLE HINGED DOOR

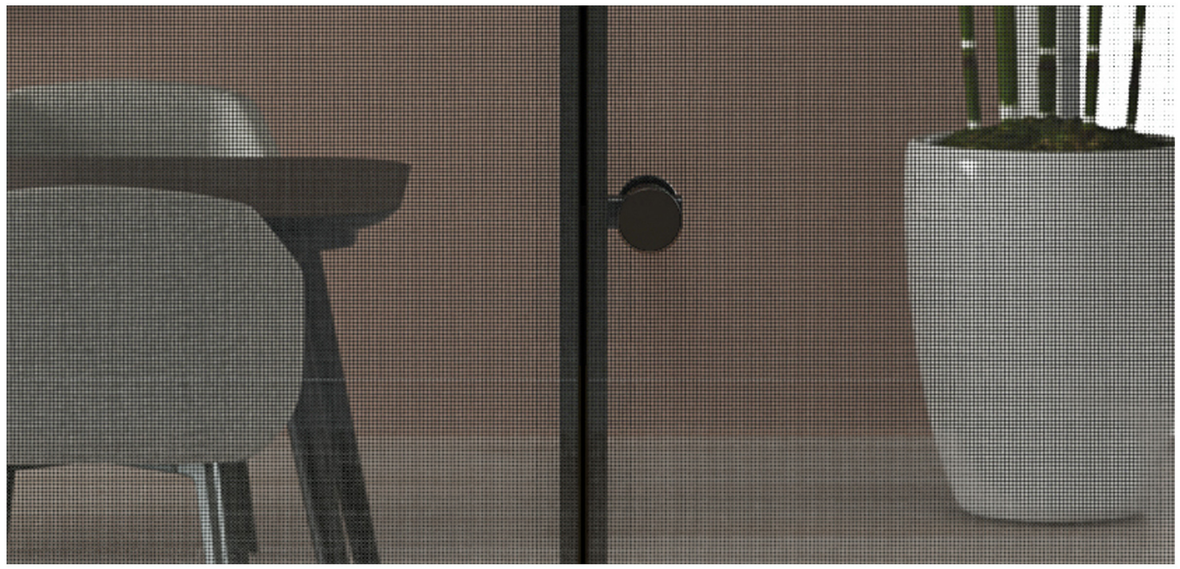
ALADIN

FRAMED HINGED DOOR

A custom-made hinged door with a visible frame (telescopic jamb), with a door frame matching in five different finishes. There are 2 glass panel options to choose. In the ‘Mono’ version a glass is applied on one side of the frame, so as to have a flush surface and another surface rebated from the perimeter of the frame. In the ‘Duo’ version two 4 mm thick tempered glasses are applied on both faces of the frame.

ALADIN

FRAMED DOUBLE HINGED DOOR

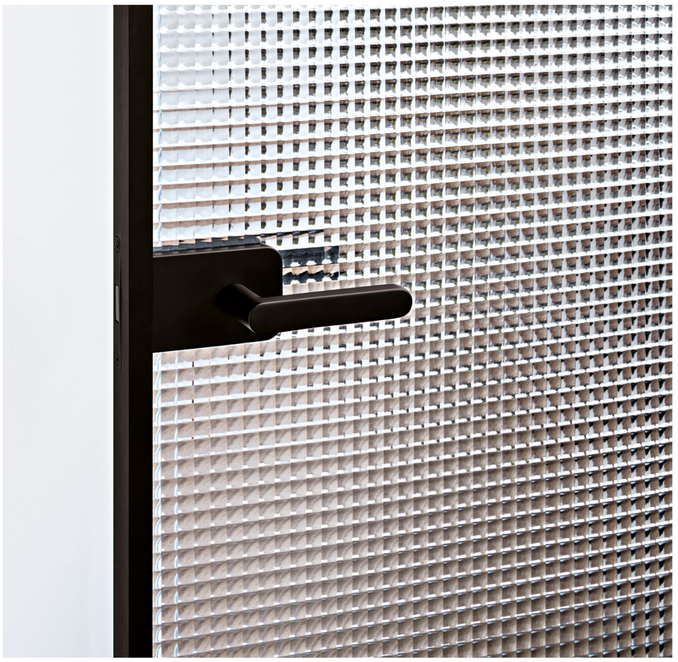


SHERAZADE

CONCEALED HINGED DOOR

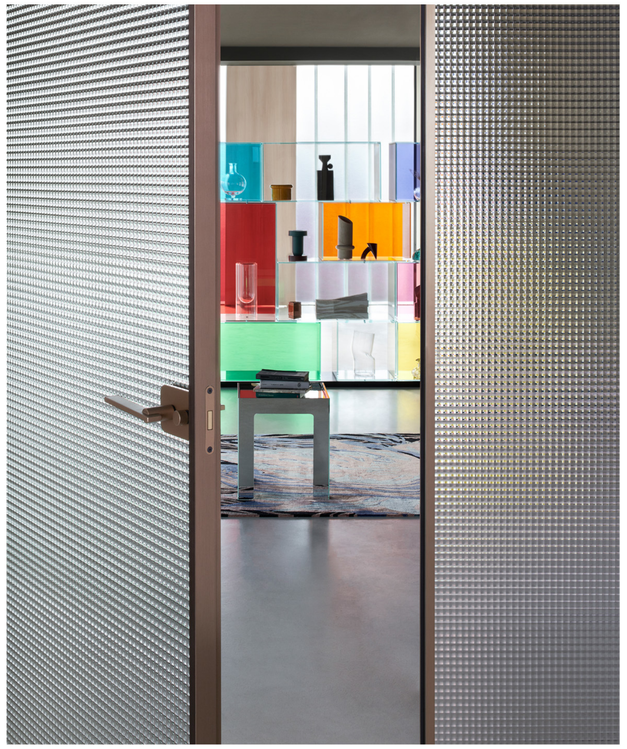
Sherazade is a custom made hinged door with a concealed frame, which stands out for its clean lines and attention to detail, whose door panel fits flush to the wall. The monolithic 6 mm or laminated 3+3 mm thick tempered glass is inserted by means of a seal in the frame, which is supplied in five different finishes. The glasses are available in a wide range of finishes. Panels in stoneware and in wood are available too.

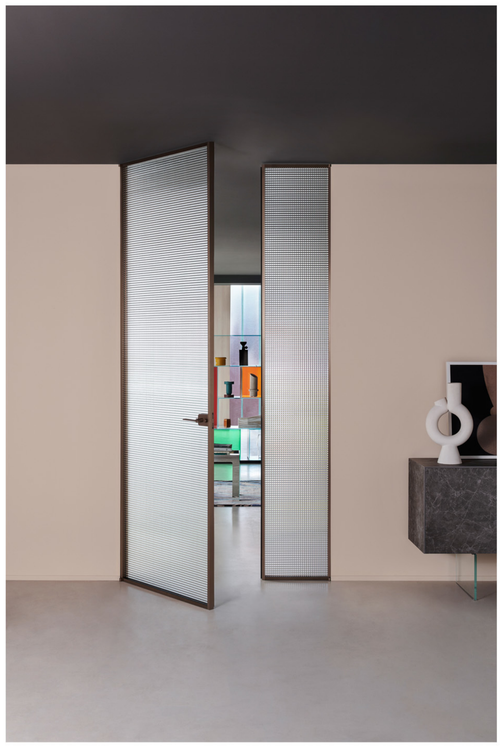
The subframe, invisible when the door is closed, is available for both cement walls and plasterboard and can be varnished during the painting of the walls.



SHERAZADE

CONCEALED DOUBLE HINGED DOOR





SHERAZADE

FRAMED HINGED DOOR

The Sherazade hinged door with a visible frame (telescopic jamb). A design which stands out for its clean lines and attention to detail. The monolithic 6 mm or laminated 3+3 mm thick tempered glass is inserted by means of a seal in the door frame, which is supplied in five different finishes.

It is possible to use different kind of locks and choose between handle and knob which are provided , like the jamb, in the same finishes as the door frame. The overall look is cohesive, there are a wide range of glass finishes to choose from to compliment or contrast the framing.

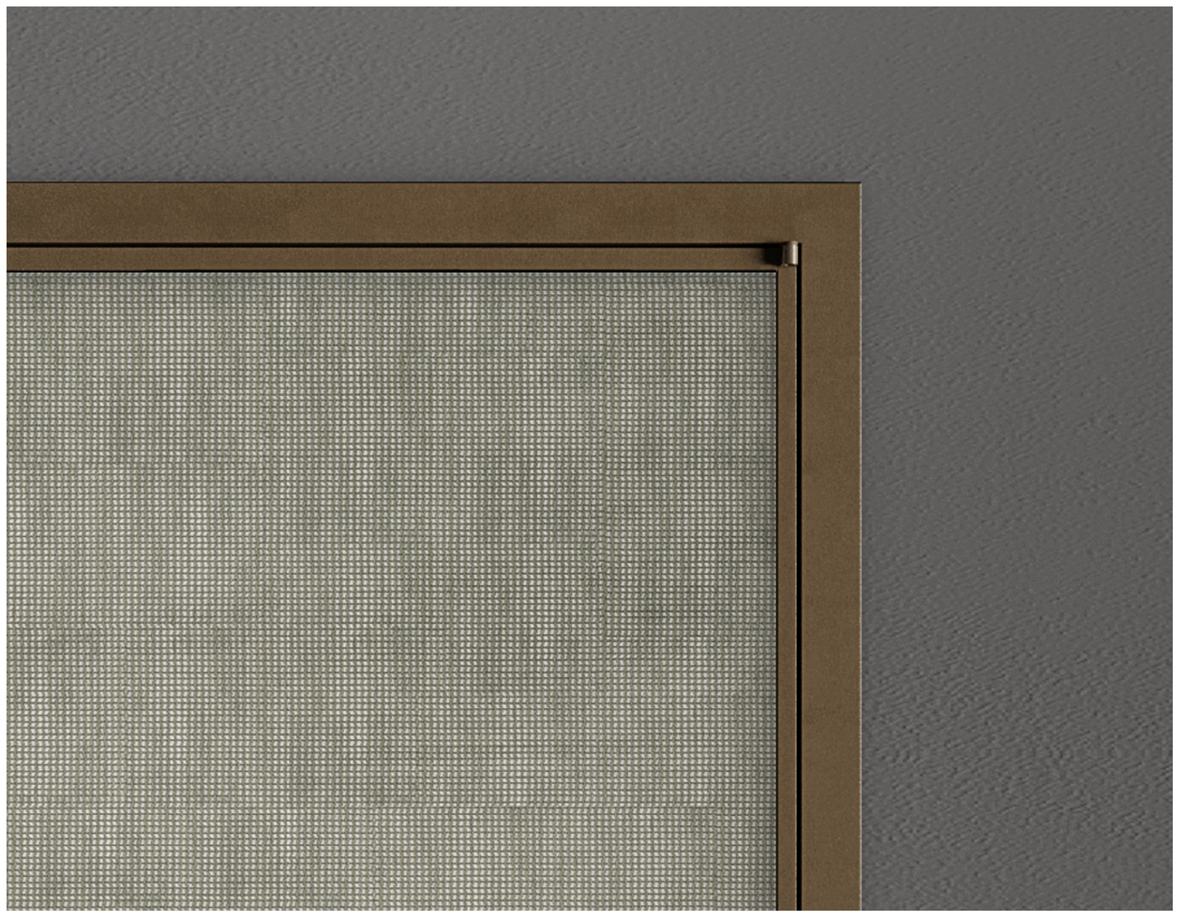
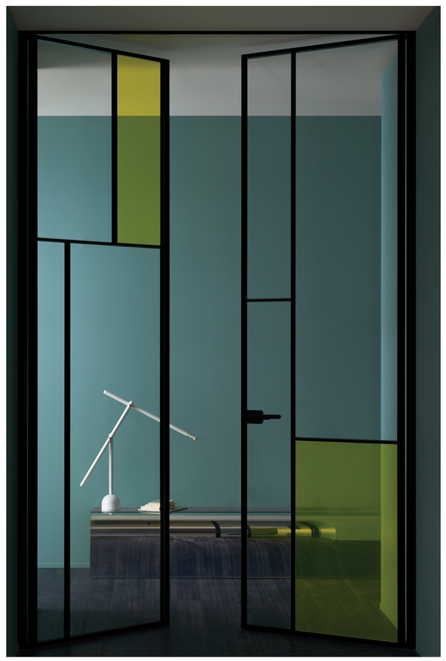
FRAMED DOUBLE HINGED DOOR



SHERAZADE

PATCHWORK DOUBLE HINGED DOOR

This version of Sherazade is a custom-made double swing door, exemplified by its great formal, cleanliness, with slim telescopic profiles and adjustable hinges. A door of great elegance and attention to detail, whose surface is divided into four panels,featuring different types of monolithic tempered glass. These panels are fitted by means of a gasket in the center of aluminum profiles, available in five finishes.



ALADIN

SLIDING DOOR

The Aladin Sliding Door provides a simple door solution yet has an outstandingly diverse scope for use. Ideal as a singular sliding panel or as a set of doors for creating separate spaces. The track can be specified for the wall, ceiling or built in ceiling.

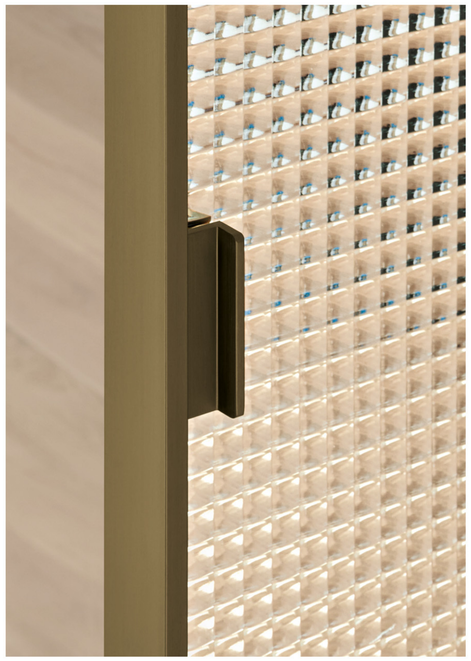
There are 2 versions available. The ‘Mono’ have a glass applied on one side of the frame so that one side has a flush surface and the other is rebated from the aluminium frame. The glass can be monolithic tempered 6 mm in a single piece or laminated 3 + 3 mm. The ‘Duo’ version has 4 mm thick tempered glass applied on both faces of the frame, so as to form a volume with an internal air chamber.

Purple.

SHERAZADE

SLIDING DOOR

Sherazade is a sliding door characterized by great elegance and attention to details. The monolithic 6 mm tempered glass or laminated 3+3 mm thick glass is inserted by means of a seal in the center of the door frame, which is available in five different finishes. The glasses are available in a wide range of finishes and colours. Panels in stoneware and in wood with different finishes and essences are also available. There are also different ways to mount the track including wall, ceiling and built-in ceiling.



SHERAZADE

PATCHWORK SLIDING DOOR

Sherazade Patchwork is a door panel system of great detail and elegance. The surface is divided into four parts where different types of glass, tempered monolithic 6 mm or laminated 3+3 mm, can be used. There are also a number of ways the panel can be divided, offering different configurations. A truly unique door style that allows you to create complimenting or contrasting mixes of different glasses.

These panels, fitted using a gasket, are inserted in the centre of the profiles and door frame, available in five different finishes.

VISTA CRYSTAL

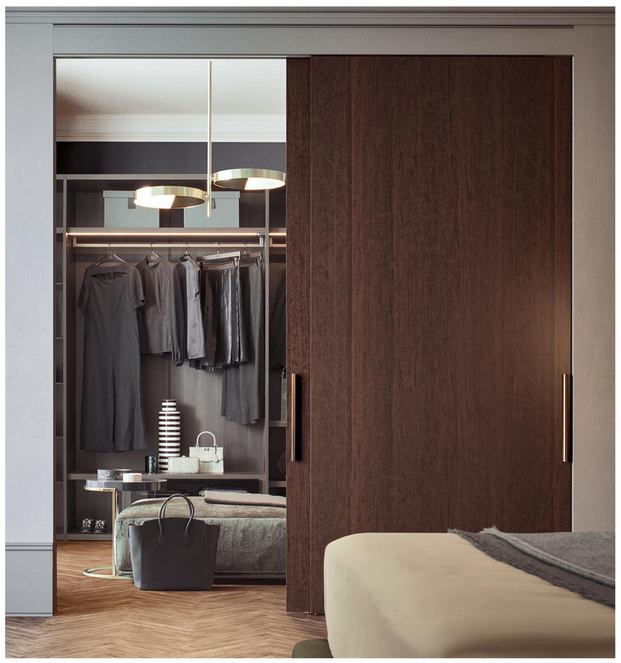
SLIDING DOOR

The major features of the sliding door Vista Crystal, are the total lack of frames. It’s thin perimeter profile and it’s modularity to the centimeter allows it to both separate and join spaces. It’s sleek design and contemporary style make it the perfect addition to any modern space.

VISTA PLANA

SLIDING DOOR

The major features of the sliding door Vista Plana, are the total lack of frames. The very thin perimeter profile and it’s modularity to the centimeter allows it to both separate and join spaces. Its sleek design and contemporary style make it the perfect addition to any modern space, whether it’s at home or in the office.



ALADIN

WALL HINGED DOOR

A bespoke solution that allows you to use floor-ceiling fixed panels with hinged doors, to create individual and enclosed spaces. Ideal for offices, the Aladin wall system let’s you create entire space encased by glass.

The Aladin Pivot is a custom-made pivot door with a concealed frame, available in five different frame finishes and with adjustable pivot hinge openings. There are 2 versions available. In the ‘Mono’ version a glass is applied on one side of the door frame, so as to have a face with a flush surface, whilst the other surface is rebated from the perimeter. The glass can be monolithic tempered 6 mm in a single piece or laminated 3 + 3 mm. In the ‘Duo’ version two 4 mm thick tempered glasses are applied on both faces of the door, frame so as to form a volume with an internal air chamber.

ALADIN SPIN

PIVOT DOOR

Aladin Spin is a door system with vertical pivoting revolving movement, with adjustable pivot hinges, which lends itself to numerous design solutions. The door with no stop has a bidirectional opening and is available with a central or offset pivot. The version with central pivot has a rotation of 360 degrees, making it a truly unique design. By placing two or more panels side by side, you can also configure partially or totally openable partitions. A perfect alignment of the panels is guaranteed by a magnetic system.

SHERAZADE SPIN
