## Container Oval

---

by Marcel Wanders

A new versatile family member enters the Container Table series by Marcel Wanders. Available in the same materials & colours as its sibling, it combines soft, rounded shapes with a slender body: a dream of many.

<b>Designer</b>	Marcel Wanders
<b>Year of design</b>	2013
<b>Material</b>	Container Foot: PE, Top: Laquered Wood, Stained Wood, Linoak
<b>Additional</b>	The feet should be filled with sand to create extra stability

## Container General

The container table top range all attached to the container foot in the same way. The container concept is that sand, pebbels or water can be added to the foot to give it strength and stability. Water must always be treated with an anti-algae additive to prevent the water from becoming stale. There are Hex-bolts on the underside of each table which align with equally spaced holes in the container foot.
